If You Tell Me More

Martin Solveig

If you tell me more than I can hear even though I truly care fo
r you
If you tell me things that I could fear
I might choose to move and run from
You (ooh) got to read my mind, I just want to make you feel goo
d, babe.
You (ooh) need to take your time, I wanna be your man but...

If you push me, someone like me, you're in trouble if you tell
me more.
Girl I want you just not like you, you're in trouble if you tel
l me more.

If you tell me more than I can bear, baby you know how it is.
I would do my best for you, I swear
You just have to let it go, 'cause baby
You (ooh) got to read my mind, I just want to make you feel goo
d, babe.
You (ooh) need to take your time 'cause baby
You (ooh) got to read my mind, got to read my mind baby.
You (ooh) need to take your time.

If you push me, someone like me, you're in trouble if you tell
me more.
Girl I want you just not like you, you're in trouble if you tel
l me more.
If you push me, someone like me, you're in trouble if you tell
me more.
Girl I want you (oh) just not like you (yeah), you're in troubl
e (ah yeah).
If you push me, someone like me, you're in trouble if you tell
me more.
Girl I want you just not like you, you're in trouble if you tel
l me more.
