

# Come To Me

Mary Wells

Come on now, come-a, come-a, come-a  
Come on now, come-a, come-a, come-a  
Come to me, I love you only  
Come to me, I'm so lonely  
Come to me, I love you only, baby

Well, you said you'll be comin' whenever I need you  
And you can bet I'm gonna please you  
So come runnin', 'cause now I need you baby  
Hey hey, you know I miss you baby  
Well, come when the lights are burnin' low  
I want to hear you knock on my door  
Tell me baby that you love me so  
Love me, love me, love me 'til you care no more

Come to me, oh I miss you  
Come to me, I want to kiss you  
Come to me, oh I miss you baby  
Hey hey, you know I miss you baby

You know that I, I miss you baby  
Come on, come on.
