

Deep In The Hole

Masters of Reality

Here's a song from deep in the hole
Here's a song from deep in the hole
La la la la la la la la la
Something for free something for you
Something for me from out of the blue
Something is wrong something is right
Something has called from out of the night
What does it mean? why do you need to know?
Here's a song from deep in the hole
Here's a song from deep in the hole
La la la la la la la la la
Sick from the sea sick from the air
Sick from the view ain't nobody there
Just want a taste to feel like I did
The night that you came to the hole where I hid
When they let you down it's all you need to know
Here's a song from deep in the hole
Here's a song from deep in the hole
La la la la la la la la la
