

She Will Only Bring You Happiness

mclusky

Note to self, be a wreck by half past ten
Be strong, be proud, be able
Be charmed, be extended, be in motion
Be at loggerheads with Chris

Like Chris, was crisp with Chris
Like Chris was crisp like Chris was crisp
Show yourself! Show! Show!
All the city was coal! Coal! Coal!

All the city was coal! Coal! Coal!
All the city was coal! Coal! Coal!
She started wondering
Where is the profit here?

Note to invading aliens
Avoid this town
Like this town avoided us
Like murder stalked the valley where

This woman used to live
And bathe, and breathe, and be murdered
Bathe, and breathe, and be murdered
Like Chris was crisp like Chris was crisp was Chris

Show yourself! show! show!
All the city was coal! Coal! Coal!
All the city was coal! Coal! Coal!
All the city was coal! Coal! Coal!

She started wondering
Where is the profit here?
