Olympic Games

Miguel Bosé

Runner on your mark
I've been training to be careful not to jump the gun
Gonna give it all my heart
There'll be no looking back until the race is won

Got to put it to the test
Got to find out who's the best
Who's the fastest in the world

Never give in, never give in
Never give in, I want to win
Never give in, never give in
Never give in, I've got to win

Olympic Games, Olympic Games
Winners and losers, fortune'n'fame
Olympic Games, Olympic Games
That's why I run, that's why I came

He-he...

Mile after mile
I push it to the limit then I push for more
Mile after mile
Every step's a little stronger than the one before

Got to put it to the test
Got to find out who's the best (...haaah!!!)
Who's the fastest in the world

Never give in, never give in
Never give in, I want to win
Never give in, never give in
Never give in, I've got to win

Olympic Games, Olympic Games
Winners and losers, fortune'n'fame
Olympic Games, Olympic Games
That's why I run, that's why I came

Olympic Games, Olympic Games
Winners and losers, fortune'n'fame
Olympic Games, Olympic Games
That's why I run, that's why I came

Never give in, never give in
Never give in, I want to win
Never give in, never give in
Never give in, I've got to win
