

# World's On Fire

Mike Shinoda

Don't think I need to say this  
'Cause you know what's in my head  
"Fucked up" is an understatement  
Can't wait for this year to end

It all fell apart, don't know where to start  
And everything moves so slow  
I can't get a break, it's too much to take  
But closing my eyes I know

When the world's on fire, all I need is you  
I don't always think to say it but it's true  
When I just wanna disappear, you're the one who keeps me here  
The world's on fire, all I need is you

The riot's on the horizon, calling each other's bluff  
The smoke's filling up the skies and they say we should back it  
up  
Maybe the blaze will take this away if I shine the earth below  
You tell me to grieve, you still believe, and closing my eyes I  
know

When the world's on fire, all I need is you  
I don't always think to say it but it's true  
When I just wanna disappear, you're the one who keeps me here  
The world's on fire, all I need is you

When the world's on fire, all I need is you  
I don't always think to say it but it's true  
When I just wanna disappear, you're the one who keeps me here  
The world's on fire, all I need is you

The world's on fire, all I need is you  
The world's on fire, all I need is you
