

# Loner

Mikky Ekko

Been too long, far too cracked  
To call cease fire and fall like that way  
So tie my hands and light the match  
And wait for the fire to break my back again  
Love, we're not the enemies we wanna be tonight  
Love, leave all the weaponry and jealousy behind

Cause I'm not a loner, and I'll be a loner 'til my lover comes over  
I'm not a loner, but I'll be in pain until this suffering is over  
So why don't you come on, come on, come over?  
Come on, come on, come over  
So why don't you come on, come on, come over?  
Come on, come on, come over

Back to back face to face  
Love is war and I can taste the blade  
So cut me deep and cut me loose  
Cause I won't surrender, won't call truce today  
Love, we're not the enemies we wanna be tonight

Cause I'm not a loner, and I'll be a loner 'til my lover comes over  
I'm not a loner, but I'll be in pain until this suffering is over  
So why don't you come on, come on, come over?  
Come on, come on, come over  
So why don't you come on, come on, come over?  
Come on, come on, come over

I've seen fire and I know pain  
But I never looked back when you called my name  
I've seen fire and I know pain  
But I never looked back when you called my name

Cause I'm not a loner, and I'll be a loner 'til my lover comes over  
I'm not a loner, but I'll be in pain until this suffering is over  
So why don't you come on, come on, come over?  
Come on, come on, come over  
So why don't you come on, come on, come over?  
Come on, come on, come over
