Before Too Long

Missy Higgins

Before too long The one that you're loving Will wish that he'd never met you Before too long He who is nothing Will suddenly come into view So let the time keep rolling on It's on my side Lonely nights will soon be gone High is the tide

Before too long We'll be together And no one will tear us apart Before too long The words will be spoken I know all the action by heart And as the night-time follows day I'm closing in Every dog will have his day And any dog can win

Shut the shade, do not fear anymore Here I come creeping round your back door

Before too long I'll be repeating What's happened before in my mind Before too long Over and over Just like a hammer inside

As the night-time follows day I'm closing in Every dog will have his day Any dog can win

Before too long Before too long
