```
I thought I saw you with the boys
Laughing hard
Between the bars
Between the bars
You always were pretty good at gettin' high, for someone so sma
11
For someone so small
Still remember how you danced laughing hard
Between the bars
Between the bars
You always were pretty good at gettin' high, for someone so sma
11
For someone so small
You always said that this time was not enough
But you were so right
You were so right
Swear I won?t let go, this time
Swear I won; t let go, this time
Swear I won't let go, this time
```
