Monaco

I'm not proud of what I've done
Broke the rules up just for fun
It's gotta be easier than what it was before

I could walk a million miles
With nobody by my side
It's gotta be easier than it ever was before
So I'm walking out the door forever

So just wait till I'm far and out of sight
You have your life I'll have mine.
It's gotta be easier than what was before

I've got nowhere left to hide
Feel this emptiness inside
It's gotta be easier than it ever was before
So I'm walking out the door forever

Couldn't ever bring myself to deceive
But it's all the same to me
It was never meant to be
And I guess it'll be the same for everyone

So just wait till I'm far and out of sight
You have your life I'll have mine.
It's gotta be easier than what was before

Now there's nowhere left to hide
Feel this emptiness inside
It's gotta be easier than it ever was before
So I'm walking out the door forever
