

Are we crushing 2 nights?
From the bed to the flooor
Ooh I know what you like

You got that feeling by that
Look on your face
You touch and tease me, now I'm
Ready to play
My hands run up and down your
Thighs and your waist
Then you whisper
Lets go back to my place

You know that you are turning me on
When you act this way
There's so many ways to make love
I am asking you baby

Aint nothing wrong with being
Freaky with me
We just be crushing, living fantasies
You on top of me
Me on top of you
Hitting them switches in every room
Crushing
All night thru

When I get you home
Its gonna be some
Back breaking
Love making
Wall shaking
Working your body, so smooth so soft
We gonna ride till the wheels fall off
