

## Mortal Slaughter

## Mortal Sin

See me, hear me, screaming in the night  
Feel me, fear me, know my fearsome sight  
Bondage, torture, come into my lair  
Let me tempt you, see if you will dare

Mortal slaughter, taste the evil kiss  
Mortal slaughter, fall to the abyss  
Mortal slaughter, feel the mighty pain  
Mortal slaughter, the demon wins again

Raping, killing, women of the night  
Taking deliver, for the eternal light  
Hear you screaming, as you shout my name  
Satan invites you, come and play his game

Helter skelter, running from my sword  
The gates of Hades, waiting for my lord  
Death, destruction, hear my piercing cry  
Religion, bullshit, it's all a fucking lie
