

The Tube

Mr. Mister

Hi dear, what's on tonight
Let's stay up and watch the tube
And bask in the big blue light
Bye bye, real life
Checking into checking out
It's saturation time

Perfect faces
Perfect background
Perfect everything

(chorus)

I want to live in a dream that is neverending
I want to love all the wasted time I'm spending
Tonight I can take it all the way
Because tonight I'm everything I wanted to be

Well dear, it's a good thing
I don't have to look at you
And you don't have to look at me
I think that's a good thing

We're perfect strangers
Perfect oh oh oh oh
Perfect everything

(repeat chorus)
