

# Ghost

Mudhoney

I'm a ghost  
I'm driftin' into oblivion  
Just a gray, old ghost  
And a messy oblivion

Well I've had my hopes  
They're not what they used to be  
I've had hopes  
That's between you and me

I've been thinking  
I could find some meaning  
I could start believing  
'stead of killing time

I've been thiking  
Your love could give me meaning  
I could start believing  
'stead of killing time

I think I could love, if you show me  
What your lovin' is  
I think you could show me with a little kiss  
Just a little kiss

If you're my host  
Don't serve me no misery  
If you're some host  
Don't serve me no misery

'Cause I've had dreams  
Sure, they're not what they used to be  
Yeah, I've had dreams  
But, that's between you and me

I've been thinking  
I could find some meaning  
I could start believing  
'stead of killing time  
I've been thinking  
Your love could give me meaning  
I could start believing  
'stead of killing time

I think I could love, if you show me  
What your lovin' is  
I think you could show me with a little kiss  
Just a little kiss

A need a fix and a kiss  
Like this  
Owwwww

Well, if you're some queen  
Don't delude me with grandeur  
If you're some queen  
Don't delude me with grandeur

'Cause I've been brought down  
By false love's power  
I've been knocked to the ground  
By false love's power

I've been thinking  
I could find some meaning  
I could start believing  
'stead of killing time  
I've been thinking  
Your love could give me meaning  
I could start believing  
'stead of killing time

I think I could love, if you show me  
What your lovin' is  
I think you could show me with a little kiss  
Just give me a kiss

Not a punch and a kick  
Owwwww, fix me  
Well, all right
