

## When It Comes to You

MxPx

I would like my heart back, preferably in one piece  
And if you lost it, well wonders never cease  
I would like to go there, I'd like to leave it all behind  
I'm not sure what the future holds, or what it is I'll find

I know it won't be the same  
I don't expect it to  
It's hard to welcome change  
When it comes to you

When it comes to you, I can't ignore  
When it comes to you, my heart is sore

When having means a whole lot of nothing  
It's no use having more  
When we're long gone and forgotten  
What did we live for?  
When will a change in heart come  
If they exist at all  
It's not always so easy  
To answer when they call

Better days will come and I believe it's true  
It's weird to see things change  
When it comes to you

When it comes to you, I can't be sure  
When it comes to you, I'm out the door

I couldn't lie, even when I wanted to  
I couldn't hide, couldn't hide out from the truth  
I couldn't lie even when I wanted to  
'Cause when it comes to you  
When it comes to you
