

Several Girls Galore

My Bloody Valentine

Oh, did I meet me once before
Was it you or just don't you care
Once more ignore
As I wrap me around we
I'm never quite there at all

So, which me should I put on
To go out driving in my car
Feeling so sore
I took me out dancing
Three of me or more
Insane I'm sure
That living inside me
Is several girls galore

Once more ignore
I wrap me around we
I'm never quite there at all
Insane I'm sure
That living inside me
Several girls galore
