

A new bad girl, who get on my block  
I gave her my keys, said don't bother to knock  
I said c'mon, ya got what I need  
I said come on, don't make my heart bleed  
(I'm beggin')

Whoa bad girl, what ya trying to do  
What is the matter with you  
Bad girl what are you trying to do  
Cause I'm early in the morning, not too late at night  
And you're trying to tell me everything's alright  
Then you're gonna ask am I gonna take it slow  
I said don't you worry there's no place to go  
(My bad girl)

I'm walking to the corner, to go in the cafe  
That's when I seen her, a'walkin my way  
She's all dolled up, in her waitress' skirt  
I said c'mon, don't make my heart hurt  
(I'm beggin')

Whoa bad girl, what ya trying to do  
What is the matter with you  
Bad girl what are you trying to do  
With my twenty dollar bills, and you can keep the change  
All you gotta do is get down in my range  
If you're gonna ask me am I gonna take it slow  
I said don't you worry there's no place I gotta go  
(You're bad, bad, so bad)  
(I'm beggin')

Whoa bad girl, what ya trying to do  
What is the matter with you  
Bad girl what are you trying to do  
I'm begging please little lover, stop this carrying on  
Gotta get some loving before the planet is gone  
If you're gonna ask me, am I gonna take ya home  
I says don't ya worry, there's no place I gotta go  
(My bad girl)

Hey bad girl, I know why youre bad  
But don't ya know, it just make me glad  
When everybody's gonna put you down  
Looking for your friends, I'll be around  
(I'm beggin')

Whoa bad girl, what ya trying to do  
What is the matter with you  
Bad girl what are you trying to do
