

Dance In The Rain

Nicola Roberts

Sometimes life just makes it hard for me to breathe
Sometimes life just makes it hard for me to breathe

'When the good turns into bad
And the happy into sad
When the weight of this big world
Is too much for this small girl
And I gotta find a way
Just to make it through the day
So I left my hand I'm safe
Everything will be okay, babe'

Oooh the tears from your eyes dance the rain from the sky
Get yourself high
Ooooh the tears from your eyes dance the rain from the sky
Get yourself high

Sometimes life just makes it hard for me to breathe
Sometimes life just makes it hard for me to breathe

'When the good turns into bad
And the happy into sad
When the weight of this big world
Is too much for this small girl
And I gotta find a way
Just to make it through the day
So I left my hand I'm safe
Everything will be okay, babe'

Oooh the tears from your eyes dance the rain from the sky
Get yourself high
Ooooh the tears from your eyes dance the rain from the sky
Get yourself high
Get yourself so
Oooh the tears from your eyes dance the rain from the sky
Get yourself high
Ooooh the tears from your eyes dance the rain from the sky
Get yourself high

When the good turns into bad
And the happy into sad
When the weight of this big world
Is too much for this small girl
And I gotta find a way
