

Cover Your Own

Nine Lashes

I never wanted a cover up
I only needed you here
I've lived in search of a place I belong
Where the cold rain will disappear

Is somebody out there?
Is somebody out there?

I wanna know
Why you left me
To cover your own
And forget me
Though I have the loneliest heartbeat
Longing for home
A place that will want me

I heard deep down in my darkest hour
Somebody's waiting for me
Until now, I'd thought it a waste of time
Filling holes left where you should be

There's somebody out there
And they're calling out
Maybe I should go out there

I wanna know
Why you left me
To cover your own
And forget me
Though I have the loneliest heartbeat
Longing for home
A place that will want me

I'm letting go of all the memories
I never made in my life with you
I'll let these walls come down in front of me
I've found a love, I've found a love
And there's something about it
There's something about it
There's something about it
There's something about the way it moves

I'll never know
Why you left me
To cover your own
And forget me
Though I had the loneliest heartbeat
I found a home
A Father to love me
