

Truck Stop Blues

NOFX

A truck stop in kansas,
With nowhere to,
Too many days without any shows,
5 cups of coffee,
As I just sit and mold
It's 4 am as I sip from my cup,
It's 5 am the suns coming up,
My body has shifted to the touring mode,
Trying to sleep in the van on the road,
I gotta find a place to call home,
I've got the truck stop blues,
Taking care of myself paying my dues,
Living life day by day,
I've got the truck stop blues,
Don't think I'd have it any other way.
