

## Kill everyone now

NoMeansNo

Here it is lonely  
Here where I lie  
Here it is empty  
Here in my heart  
Here there is no one  
Here where I am  
Here it is empty  
Here in my heart  
Here where I lie

Grab the handle  
Cock the hammer  
Pull the trigger  
Change the channel  
Grab the handle  
Cock the hammer  
Change the channel  
Pull the trigger

Kill everyone now  
Please, kill everyone now  
Kill everyone now

I guess they'll be breast-feeding in space soon  
Remember, a stitch in time saves precious bodily fluids  
There is no future without - Plastic! Plastic! Plastic!  
Chairman mao was a great cook, he fed all of china  
One billion  
Two billion  
Three billion  
Four billion  
Five billion  
Six billion  
Served, served, served, served  
Would you like fries with that, ma'am?  
How 'bout a sundae?

Here it is lonely...

Kill everyone now
