

Can't sleep tonight  
I'm still waitin'  
For a wonder soon to happen  
And I pray

Is there anyone out there ?  
I need consolation  
Why can't I still be with you

I thought it was paradise  
When I found you  
Paradise -  
Have I been wrong ?  
I thought it was paradise  
But I've been mistaken  
You left me here all alone

Can't see the light  
And I'm losin'  
Any hope, there's nothing that I haven't tried

Is there anyone out there  
To relight the fire ?  
Why don't you give me a sign ?

I thought it was paradise  
When I found you  
Paradise -  
Have I been wrong ?  
I thought it was paradise  
But I've been mistaken  
You left me here all alone
