

# Last Amongst Earth And Sky

Nox Aurea

Screaming...  
At the wall of desolation  
I behold, there is no outer world  
Am I here?

Deceased and buried in this lifeless grave  
The profanity of birth, imprison and deprave  
Burned alive, again and again

Memories or dreams?  
I am lost in a space between  
The mirror on the wall reflects my face  
But where am I?

Engulfed by grief and anguish  
In a dark maze of surrealistic lunacy  
Screaming, at the staring wall of desolation  
I regard, there is no world beyond me  
Am I here?

Not a soul will ever see  
Within the entity of me

Fading away...  
As the voice inside grows stronger  
Lost in a fracture amongst  
The essence of earth and sky

So many times in life  
I have strive to kill this ghastly pain  
But I failed again and again  
And now, the end is closing in  
Please, be my saviour...
