

Weekend

Ocean Colour Scene

Friday night you're smiling
Saturday you're crying
One day you're brave
Monday's raining again

One day you're lonely
But you're not the only one
The weekend goes,
Monday's raining again

Cry my love, cry your weekend dry my love
Just over here
Cry my love, cry your weekend dry my love
Just over here

Saturday you're laughing
Some day you're forgiving
You're a weekend soul
Monday's raining again

Cry my love, cry your weekend dry my love
Just over here
Cry my love, cry your weekend dry my love
Just over here

Monday's raining again
Monday's raining again
Monday's raining again
Monday's raining again
