

Wham Bam Thank You Spaceman

Oh No Oh My

I cant wait to tell you
That you were my best friend
You said it wasnt easy
But nothing ever is
I called you up to say
That help is on the way

I didnt really understand at the time
but it was all okay
It wasnt really there (OH,oh)

And then you had your books!
you read them through and through
You thought you found the answer!
You thought you found a clue!
But all you really did was open up the den

I didn't really understand at the time
But it was all okay
It wasn't really there (OH,oh)

The next time that i saw you!
I knew you had come clean!
You tried to tell me everything!
You tried to fix my key!
And thats when i knew
what you truly are

I thought it was unfaithful!
I thought it was unreasonable (OH,oh)

But it was all okay
It wasn't really there
But love was out the door
And i don't love you more... (OH,oh)
