

# Speedin'

Omarion

When I looked over my shoulder  
It got a little bit colder  
It's like I lost love from an angel  
And now I'm feeling like a stranger  
Abandoned, I'm stranded, I gotta get back to you  
I called Triple A, they said they on the way  
Times tickin' fast, gotta see you today

But if my time is up,  
Let me know right now I will find a way, to your heart again  
So I'm speeding, I'm speeding (whoaa)  
Speeding, I'm speeding

uhh uhh oouahwhoaa  
uhh uhh oouahwhoaa  
I, no time to be patient just got the confirmation  
Now I'm flying down the high way  
She's crying trying to love my way  
I'm wit it (so wit it)  
Committed  
To ride away wit you girl  
And give you what you need more than your eyes could ever see

But if my time is up,  
Let me know right now I will find a way, to your heart again so  
I'm  
Speeding, I'm speeding (whoaa)  
Speeding, I'm speeding

Times moving fast but not fast enough so I'm speeding (speeding  
)  
I'm racing fast but not fast enough so I'm speeding (speeding)  
I'm doing 90 down the high way (high way)  
I gotta make this turn a bigger brighter way baby  
Hop out the car, I'm at your door, open it up and then we go  
I gotta scoop you in my arms

But if my time is up,  
Let me know right now I will find a way, to your heart again so  
I'm  
Speeding, I'm speeding (whoaa)  
Speeding, I'm speeding

Ohhhooohhhooooohhh  
oouuwww!  
Speeding, I'm speeding (speeding)  
ohhhooohhhooooohhhooohhahwowooo
