

The First Time Always Hurts

Oomph!

Just one last time
Please be nice to me
Come over here

Please be nice to me
and come and sit
Beside me here

Just one last time
Please be nice to me
Come over here
One more time again
Come on

Give me just a little bit now
Let me have a final kiss now
Give me just a little bit now
Fool me please just one more time again

The first time always hurts you know wait tonight I'm gonna show,
The last time always hurts the most
One more time again,
The first time always hurts the most
Wait til tonight
I'm gonna show

Just one last time
Please be nice to me
Come over here

Please be nice to me
and come and sit
Beside me here

Just one last time
Please be nice to me
Come over here
One more time again

Just one last time I'd remind you of your promises now
All your lies are bound to break your neck now,
Id remind you of your promises now,

The first time always hurts you know wait tonight I'm gonna show,
The last time always hurts the most
One more time again,
The first time always hurts the most
Wait til tonight
I'm gonna show

One more time again

One more time again

The first time always hurts you know wait tonight I'm gonna show,
The last time always hurts the most
One more time again,

The first time always hurts the most
Wait til tonight
I'm gonna show
