

Iconoclasm Conquest

Order From Chaos

Masterless and superior
The reality of power lies within
Ignorance, fanaticism, bigotry
Topple these thrones of self deceit
Deviation, disbelief, dependence
Weakness

Frustration becomes aggression
Nihilistic burst about the world
What of the deeds of self esteem?
What of self determination?
Institutionalism, demagoguery
By power elite gods of policy

Iconoclasm conquest

Fundamental
Dysfunctional
Monumental
Incredible

Feel the surge - rush of power
Iconoclasm conquest
Feel the rush surge itself to extremes
Let the insurrection begin

Bite the hand that feeds you
Curse it shower it with spit
Your freedom's finally truly yours
Your mind - your own
Order from the chaos of enslavement
Triumph of the will

Iconoclasm conquest

Strip away all falseness
Burn out obsolescence
Blast powerlessness
Now is the time to crush
