

We Are The Ordinary

Over It

You might not build it over night
But you can surely try
To tie the stitch and thread it tight
Find something essential,
But don't bother with all the details
If you look too hard it's hard to find
Cause it's the ordinary that makes you extraordinary,
The light we all see,
The best in everything
it's unpredictable, those countless little things
Like the familiar faces you never did expect to see
Some things are always meant to be,
We just choose what we choose to see
You've got to choose to live that way
so I say face each day like it's your last
And you will never need a second chance
But when you're laughing with your friends
Don't you dare forget the moment never lasts...
Don't feel ordinary, we're all extraordinary,
The light we all see, the best in everything.
