

I'm telling you a story now of something that's wrong
This has been developing since nineteen eighty-one

Maybe she's alone
What can i do?
There's nothing
There's nothing i can do

If i'm a proper jewish boy
Will her family love me?
Can't stand to see her on the stage
And know she's not thinking of me

Maybe she'll be hearing this, but probably she won't (probably she won't)
Possibly she has desires, but probably she don't (probably she don't)

Maybe she's alone
What can i do?
There's nothing
There's nothing i can do
