

# The Enemy

Papa Roach

I want to chase my dreams  
But you just punish me  
I lost myself inside the lies and wicked ways  
I'm starting to believe  
You'll be the death of me  
But all I see is the reflection of the enemy  
I think I've lost my way

Because I got nowhere to run  
And nowhere to hide  
I'm running from the enemy inside  
I'll fight for my life  
Because I want to survive

It's not the TV screen  
It's not my family  
I'd still be damage even if I grew up perfectly  
It's something deep inside  
Something I can't explain  
It's like I've got a disease without a fucking name  
I think I've lost my way

Because I got nowhere to run  
And nowhere to hide  
I'm running from the enemy inside  
I'll fight for my life  
And try to survive

I got to face the enemy inside  
I'm crying for help  
I'm living a lie  
I'll do anything just to stay alive

I can't take it anymore  
Can't fake it anymore  
I swear I'll give up my fears

And I can't take it anymore  
Can't fake it anymore  
I swear I'll give up my fears

Because I got nowhere to run  
And nowhere to hide  
I'm running from the enemy inside  
I'll fight for my life  
And try to survive  
I got to face the enemy inside  
This is the end of me

The end of me  
This is the end of me  
I am the enemy
