

Nobody But You

Parokya Ni Edgar

Oh love of my life destined forever
I will be right here by your side
Don't fall in tears when we're together
You know the joy you bring to me
They'll be no other

Will share this love
As right from the heart my everything
That I'm more than willing
I will give to you forever
Still I promise you
That loving you is all that I can do
No one can take it away from me
Nobody but you
Oh now is the time
Stars will be bright our bodies
Will move on through the night
Come take my hand
Then we'll tie
Come on baby
Hear me say
Never they'll be no other
We're share this love
Right from the bot
From the mind to the soul
I ewill give it to you girl
There's no more than living
I will give to you forever
Still stands from now
I promise you loving you
Is all tha ti can do
No one can take it away from me
Nobody
They'll be no time for a sad goodbye
Without you here
I can not
Don't you go away
They'll be no other
Well share this love
Right right from the bottom of this soul my everything
That I'm more than willing
I will give to you forever
Stands from now I promise you
Loving you is all tha ti can do
No one can take it away from me
Nobody but you
Forever stands from now
I promise you
Loving you is all that I can do
No one can take it away from me
Nobody but you
Its got to be you
Only you
