

## My First Mine

### Pavement

Started in the old south  
I brought it to the new west  
Sold it for a dry claim  
I bought it back the hard way

I've got a mine thats fine  
Isn't it the best one yet?  
I bought it in '49  
I've got a mine thats fine

Heard about your bad fall  
I guess its just the rock's fault  
I bet you need some old south  
I'll sell it for your gold teeth

I've got a mind thats fine  
I swear its the best one yet  
I bought it in '49  
I've got a mind thats fine

She was just a moaner  
She was never saved  
Bruises in my stomach fight  
I fed it to my engine

I've got a mind thats fine  
I swear it's the best one yet  
I bought it in '49  
I've got a mine thats fine

I've got a mine thats fine  
I've got a mine thats fine  
I've got a mine thats fine  
I've got a mine thats fine.
