

## I Feel It

Peggy Lee

I feel it, you know I do, love  
I have never felt such true love  
Violins keep comin' through, love  
Dee dee, en dee dee, en dee, en dee dee

I feel it when you're around, love  
And my heart begins to pound, love  
Then I hear the trumpets sound, love  
Ba bup, pada bup, pada um pada

Right from the beginning  
I could hear the melody, so  
Right from the beginning  
Like a hit song's got to be

I feel it, can't keep from singing  
Of the joy your love is bringing  
All the bells, the bell's are ringing  
Bong, bong pedong, bong abong, adong dong

Ba bup, pada bup, pada um pada

Right from the beginning  
We were making harmony so  
Right from the beginning  
Growing like a symphony

A violin's, trumpet's playing  
Now, the whole darn band is saying  
Love, oh, it's love, yes it's love, really love

I feel it, you know I do, love  
I feel it, I feel it's true love  
I feel it, you're comin' through, love  
I feel it, I feel it, I feel it, I feel it
