Sleeping Dog

Pete Townshend

Sleeping dog by the open fire You're sleeping your life away You don't know how far you've got to go Or the trouble that you'll have to face

Yet all I can do is love you Provide you with some fun and food All I can do is love you And that is what I do

Sleeping children laying in your beds Tomorrow you'll be back at school You look so young but you've come so far You'll never be any soul's fool

All I can do is love you Provide you with some fun and food All I can do is love you And that is what I do

(instrumental verse)

All I can do is love you Provide you with some fun and food All I can do is love you And that is what I do

Now I'm going up to my wife Baba I pray to you Love me just a little like I love them And I can do some sleeping too

All I can do is love you Provide you with a song All I can do is love you Like you've been loving me all along

All I can do is love you Provide you with a verse or two All I can do is love you And that is what I do
