

Have A Little Faith

Peter Cetera

Dry those tears
From your eyes
Maybe I can help you
A few more hours until the light
And I will hold you
You've waited patiently
Don't ever doubt your faith in me
Baby, hold on a little longer

And when the night is falling
And it's more than you can take
Remember that I love you
Have a little faith
And just like the morning
I'll be there when you awake
Close your eyes, right now, I'm on my way
If you just have a little faith

Even now my heart has wings
I can't wait to see you
As I lie beside you in my dreams
I can't wait to touch you
Tonight my body lives
To cross the miles, to kiss your lips
Baby, hold on a little longer

And when the night is falling
And it's more than you can take
Remember that I love you
Have a little faith
And just like the morning
I'll be there when you awake
Close your eyes, right now, I'm on my way
If you just have a little faith
Have a little faith in me right now
