## **CHORUS**

I'm not gonna give it up
I'm not goin'
I'm not gonna give it up
I'm not goin'
I will be fighting
I've got to be fighting
I will be fighting
Til Africa
And Africans are free

I said that I been up there
And I've seen poverty beyond compare
I know slave drivers just don't care
They just don't care

## CHORUS

Africa's the richest place
But it has the poorest race
And to me it's just a disgrace
Just a disgrace

Africans don't wait too long We gotta fight 'cause it's not wrong Won't you join in and sing this song Sing this song

## **CHORUS**

To be poor it's a hurtful pain Livin inna poverty it's a burning shame Help yourself 'cause man you're not lame You are not lame
