

## Ready To Roll

Philadelphia Grand Jury

You, I just want you to know  
That I am about to get my game on

I'm not like the other brothers (I'm not like the other brother  
s)  
I'm not like the other brothers (I'm not like the other brother  
s)  
I'm not like the other brothers  
But I'm ready to roll

Well I can have some trouble getting started  
But you, you are on the right track

I'm not like the other brothers (I'm not like the other brother  
s)  
I'm not like the other brothers (I'm not like the other brother  
s)  
I'm not like the other brothers  
But I'm ready to roll

If you want it come and get it right now  
If you want it come and get it right now  
If you want it come and get it right now  
If you want it come and get it right now  
If you want it come and get it right now  
If you want it come and get it right now

You, I just want you to know  
That I am about to get my game on

I'm not like the other brothers (I'm not like the other brother  
s)  
I'm not like the other brothers (I'm not like the other brother  
s)  
I'm not like the other brothers  
But I'm ready to roll

Well I can have some trouble getting started  
But you, you are on the right track
