

## Only Some Shitty Chemical Stuff

Pin-Up Went Down

Oh my love, will you will you be  
Oh you, will you ever be mine?  
Oh my love, will you will you be  
Oh you, will you ever be mine?

Depends on your shaker, on your shaker  
Depends on your apocrine  
If you're able to survive the PEA lost

Always the same stuff  
Always the same words  
An only pleasant scent.  
If you're not the one,  
I only have to wait...

Oh my love, will you will you be  
Oh you, will you ever be mine?  
Oh my love, will you will you be  
Oh you, will you ever be mine?

Depends on your shaker, on your shaker  
Depends on your apocrine  
If you're able to survive the PEA lost!

That ain't no soulmate  
Nor mawkishness like that  
Nor a bunch of violets.

Always the same stuff  
Always the same words  
An only pleasant scent.  
If you're not the one,  
I only have to wait...

"Oh, go, go, go! Make your peacock and sing  
with your honeyed voice  
Don't be surprised if I spit on your feathers  
And what they imply...  
You should stop now  
Oh, birdy asshole... you just walked on shit... "
