He broke my heart today  
I don't know what to say  
I can't feel a thing at all  
I did not see it comin'  
Now you just a man that got away  
I look at the ground  
And give the sky the middle finger  
Something inside said  
"Here's a day you should remember  
So mark it on a wall"

I never believed it could happen to me  
Something like this only happens to dumb girls  
Taking themselves too seriously  
I was so damn smart  
I was the one girl  
Who never believed it could happen to me  
Something like this only happens to somebody else

I miss you so much  
Can't stand it  
You bring out the blonde in me  
'Cause I'm still hanging on  
Even though you done me wrong.  
And I got the heart to forgive this  
But I'd never let you know.  
What kind of girl would put herself  
In that position?  
yeah  
To think that I could ever fight the system  
And I got fooled again

I never believed it could happen to me  
Something like this only happens to dumb girls  
Taking themselves too seriously  
I was so damn smart  
I was the one girl  
Who never believed it could happen to me  
Something like this only happens to somebody else

I thought I was strong (I thought I was strong)  
But I was just dreamin'  
I can't believe it (can't believe it)  
That nothing was wrong (nothing was wrong)  
I thought I knew what was goin' on  
But love was deceiving me (love was deceiving me)  
Now I'm just a dumb girl  
yeah  
A dumb, dumb, dumb, dumb girl  
That's what I am  
yeah, yeah

I can't believe that it happened to me  
Something like this only happens to dumb girls  
Taking themselves too seriously  
I was so damn smart, yeah  
I was the one girl

Who never believed it could happen to me  
Something like this only happens to somebody else

(only shit like this would happen to me)  
Can't believe this shit could happen to me  
yeah, yeah  
'Cause something like this only happens to somebody else

I guess I'm just a dumb, dumb, dumb, dumb girl  
That's what I am  
Dumb, dumb, dumb, dumb girl
