

Luckiest Man

Pleasure P

I see the wind is blowing through her hair tonight, ooh
And the champaign is flowing up in here tonight, oh lord
She said I'll give you my number if you promise to call me
And maybe later we can get into somethin'
'Cause now I wanna feel you up on me
Magic has happened, it must be my lucky night, ay

And I must be the luckiest man in the world
The way she touched me, got me feelin' lucky, oh ooh
I must be the luckiest man in the world
This ain't supposed to happen, ooh
Oooh, Oooh, Oooh, Oooh, Oooh (2x)
I must be the luckiest man in the world
Oooh, Oooh, luckiest man in the world

I hear the music blasting in my ear tonight, ooh, ooh
I saw her dancing, so I called her over here and I
I told her my name and she said
I'll give you my number if you promise to call me
And maybe later we can get into somethin'
'Cause now I wanna feel you up on me
Magic has happened, it must be my lucky night, ay

And I must be the luckiest man in the world
The way she touched me, got me feelin' lucky, oh ooh
I must be the luckiest man in the world
This ain't supposed to happen, ooh
Oooh, Oooh, Oooh, Oooh, Oooh (2x)
I must be the luckiest man in the world
Oooh, Oooh, luckiest man in the world

I seen a lot of supermodels
Groupies too, look at what they'll do for bottles
But, she's different she's so rare
She's so clean, how you not gon' stare
She don't got a wing but she walks on air
I'm so greedy homie, I don't wanna share
I may be hatin' but I don't really care
'Cause I don't wanna see her over there
I want her right here
Choosin', she ain't have a choice
Between a Blue Ice and a black Rolls Royce
She lookin' for a man she don't want them boys
And I'm a make her scream till she got no voice
I'm still the lucky one, I feel that way when you touch me, hun
I feel like I could touch the sun
It's a lot of dudes here but she fucks with one, Young, Uh

And I must be the luckiest man in the world
The way she touched me, got me feelin' lucky, oh ooh
I must be the luckiest man in the world
This ain't supposed to happen, ooh
Oooh, Oooh, Oooh, Oooh, Oooh (2x)
I must be the luckiest man in the world
Oooh, Oooh, luckiest man in the world

Luckiest man in the world

I must be the luckiest man in the world
