

Porpoise Head

Porno For Pyros

Here I lay waiting
For the bubbles to settle
I'm going down low
Where your sleep meets your mental
Two tries at killing me
They couldn't do it
I ran down the road
With no shoes and no jacket
Here I go dive away
Watch me dive away
Hey porpoise head
Oh porpoise head

I know young boys
They all want to be bad
Don't think it's madder
To be a genius
Give me a lover
That won't give me troubles
Some sexy dreams
To chew on these bubbles
Here I go dive away
Watch me dive away
Hey porpoise head
Oh porpoise head

I set sail with a tickle in my tail
I smell the bleach on the thin white sheets...

Here I lay waiting
For the bubbles to settle
I'm going down low where
Your sleep meets your mental
Two bags in Lilly's hands
Kust for the morning
Into the bathroom
With cottons for swabbing
Here I go dive away
Watch me dive away
Hey porpoise head
Oh porpoise head
Hey porpoise head
Oh porpoise head
Oh porpoise head
(la deda, la dedee) Oh porpoise head
(la deda, la dedee) (la deda, la dedee) (la deda, la dedee) (la deda,
la dedee) (la deda, la dedee) (la deda, la dedee)
