

Who What Where When Why

Pretty Maids

You paint me a portrait
Trying to sell me a dream
Your words are all fraud
Yet you're taking advantage of me
You feed my desires
Throw me a light in the dark
Legitimate liars
Prey on a fool with a heart
You are!

WHO are you talking to
WHAT are you gonna do
WHERE do you lead us from here
WHEN do you drop the bomb
WHY do you speak in tongues
When does the magic appear

All the corruption
And freedom for nothing they say
War and destruction
Blood and injustice
Just leave us in dismay
The fall of a system
Fuel to my vision
They're fake
Causing our downfall
How long must we tolerate
Them all

WHO are you talking to
WHAT are you gonna do
WHERE do you lead us from here
WHEN do you drop the bomb
WHY do you speak in tongues
When does the magic appear

We're all deceived
The broken creed
The need for greed
That feed the swines
It's so pathetic
For your vote they're beggin
The hypocrites
They lead in blind

WHO are you talking to
WHAT are you gonna do
WHERE do you lead us from here
WHEN do you drop the bomb
WHY do you speak in tongues
When does the magic appear
