

# Danger Heartbreak Dead Ahead

Bonnie Raitt

When you give more than you get  
You're in danger  
You may find that you're in love  
With a stranger

But who knows what evil  
Lurks within the hearts of men?  
It's vanity, insanity  
You play what you can't win

If you find that you're losing  
Girl, it's time to get on moving  
'Cause there's danger  
Heartbreak dead ahead

Well, it only takes one second, girl, to learn  
That playing with fire will get you burned  
So girl, don't you be foolish

They say that love is blind  
But it's clear as the highway sign  
That reads 'Danger, heartbreak dead ahead'  
Heartbreak dead ahead

Better mind, girl, read the sign, girl  
Yeah, danger and heartbreak dead ahead

I want somebody's boy  
(Heartbreak dead ahead)  
Start packing up your heart  
Now listen to me, girl

There's nothing to be gained  
So don't keep going on in vain  
There's danger and heartbreak dead ahead  
Yeah, I said, "There's danger and heartbreak dead ahead"

Danger, I said, "There's danger"  
(Heartbreak dead ahead)  
I said, "There's danger and heartbreak dead ahead"  
Baby, yeah, I said, "There's danger"  
(Heartbreak dead ahead)
