

# I Don't Want Anything to Change

Bonnie Raitt

Sleepless nights aren't so bad  
I'm staying up, I'm staying sad  
I don't want anything to change  
I don't want anything to change  
I like it lonely I like it strange  
I don't want anything to change

You left a mess you're everywhere  
I'd pick it up but I don't dare  
I don't want anything to change  
I don't want anything to change  
There's nothing I would rearrange  
I don't want anything to change

I can feel you fading  
But until you're gone  
I'm taking all the time I can borrow  
The getting over is waiting  
But I won't move on  
And I'm gonna wanna feel the same tomorrow

I know the truth is right outside  
But for the moment it's best denied  
I don't want anything to change

I can feel you fading  
But until you're gone  
I'm taking all the time I can borrow  
The getting over is waiting  
But I won't move on  
And I'm gonna wanna feel the same tomorrow

And I don't want anything to do  
With what comes after you  
I don't want anything to change  
I don't want anything to change  
I don't want anything to change
