

Night After Night (out Of The Shadows)

The Rasmus

1. Heaven sent you
To bring the answer
Heaven sent you
To cure this cancer

For a moment
Unbeatable chance
For a moment
The world in my hands

R1: Like an angel you came
-Every time when I prayed
Guardian of my dreams
-Watching me when I sleep
Like an angel you came
Every time when I screamed

R2: Time after time I lose again
Night after night I wake up shaking cause my world is breaking
I'm fool enough fail again
Night after Night I wake up crying cause I feel like dying

2. Still disconnected
And unprotected
Still I'm haunted
But unwanted

For a moment
Unbreakable stars
For a moment
You stayed in my arms

R1: Like an angel you came...

R2: Time after time I lose again... (2x)

Night after night I wake up shaking cause my world is breaking
I'm fool enough fail again
Night after Night I wake up crying cause I feel like dying
