

The Light

Reema Major

Excuse me mister why you rocking them Jesus pieces
But do nunin that Jesus teach us , huh ?
See the boy told me that he practices Islam
But I caught him in the caf on Ramadan ... feasting
Aint it a shame you claim a name
But do nothing that it represents worshiping materials
Like they heaven sent
And then we sin and refuse to repent
And and again the same shit beginning to end
But every Sunday you's a Christian
When Monday comes and the real life sinks in ...
You're back to the same person ya was old habits we does
When we in trouble's we call the Person above
I know I am not perfect I'm really sorry God
I cuss a lot when I speak there's zero gospel on my iPod
I need Your guidance show me right from wrong
Cause I ain't memorizing scriptures but I'm memorizing songs
Wit a catchy rhythm catchy words catchy hooks
They aint tryna hear You speak if you ain't coming with the looks
They say sex sells would be better if an erect sells
Fuck the m-e-d-i-a . Tell me what does that spell ...

Thanks to feel
