

## She Is Love

Renaissance

There bound to lazy days  
Here they would dream  
Cast all their doubts away  
Leaves upon a stream

So they would make a place  
Love flowing free  
Held in a summer smile  
Strangers wild and sweet

Though she's flown, wild and free  
Still behind his eyes she stays  
There beneath his mind she lays  
She is love

Smiles just a winter smile  
Tries to hang on  
Why even she can't say  
What it is that's gone

Still behind his eyes she stays  
There beneath his mind she lays  
She is love
