

Hold On Don't Let Go

Richard Smallwood

Heartaches may come, teardrops may fall
Seems like no one's there for you
Friends are all gone, you feel alone
Be strong God has a plan for you

Hold on, hold on to Him
Let Him lead you
Your valley is temporary
Oh yes it is, yes it is now
This too, this too shall pass
Find peace at last
In Him we have the victory

Hold on, don't let go
Even though your heart hurts you so
He'll never let go of your hand

Just be steadfast, just be faithful
God is only teaching you
Eyes have not seen, neither have ears heard
Just what He has prepared for you

Hold on, don't let go
Even though your heart hurts you so
He'll never let go of your hand

Your trials come, to make you strong
Seasons will change, it won't be long

Hold on, don't let go
Even though your heart hurts you so
He'll never let go of your hand
