

# I'm Not Afraid

Ricky Nelson

Love they say is serious  
It's not a child's game  
It can make or break your heart  
But, darling, all the same

I'm not afraid  
No I'm not afraid

People tell me I'm too young  
But I disagree  
Love can come to anyone  
And love has come to me

I'm not afraid

I'm not afraid as long as I know  
That you'll always be with me  
And as each tender kiss  
Gets warm enough  
Somehow I feel I'm old enough

Darling if you really care  
And I'm sure you do  
Take my hand and hold me tight  
And make my dreams come true

I'm not afraid  
No I'm not afraid  
No I'm not afraid
